1 What to send

The website now carries 429 portraits, every one placed to the same standard so that a page of them reads as one set. 36 officers are still without a photograph and appear on the site as their initials.

Photo standard

- **Head and shoulders**, subject facing the camera, head roughly filling the upper third.
- **A plain wall behind the subject** is ideal — any single flat colour.
- One person in the frame. A colleague standing behind gets cut out with them.
- Portrait orientation, as large a file as you have. Straight from the phone is fine.

What cannot be used

Full-length photographs, group shots, and screenshots or exports of a designed poster. These have to be cropped down to a head, which leaves too few pixels for the card and often cannot be separated from the background at all. Two chapters have already had to be redone for this reason, and a handful of portraits still cannot be brought fully into line.

Names and offices below are exactly as each chapter supplied them. If any is wrong, please correct it in your reply — including whether a person is styled QS, and their post-nominals.

Questions awaiting an answer

None of these is a missing photograph, but each needs a reply before the page can be called finished.

Who	Question
Anambra Chapter	The Deputy Chairman is published as the chapter wrote him, QS Chukwuemerie Emmanuel Okechukwu, MNIQS. The Chapter Chairmen List on file names QS Emmanuel Okechukwu Nwankwo for that seat: the given names match but the surname does not, so this is either a different person or a correction the list never received. Please confirm which is right.
Plateau Chapter	Two portraits are on the site as initials rather than photographs. The Public Relations Officer, QS Nentawe Gobur, MNIQS, was sent as a photograph of a printed photograph and cannot be separated from its background - it comes out as a rectangle with the original backing still attached. The Treasurer, QS Panmwa Gupai, MNIQS, is a good likeness, but the pattern on her top breaks up badly along the bottom edge. Original photographs for both would let them match the rest of the chapter.
Plateau Chapter	The Financial Secretary is published as Abdulwahab Nasirdeen Garba, exactly as the pack captioned him - the only member of the roster carrying neither QS nor a post-nominal, where every other officer has both. Please confirm whether that is correct or whether they were omitted in error. His photograph also arrived as a PDF scan rather than an image file; it has been used, but a plain photograph is easier.
Imo Chapter	The executive list is published, but none of the nine photographs could be used, for two reasons. They are about 250 x 320 pixels, roughly a quarter of the size the cards need. More importantly, the Word document does not say which photograph belongs to which officer - the pictures are grouped in ones, twos and fours while the names are listed in threes, so they cannot be matched up with any confidence, and we will not guess at whose face is whose. Please resend the photographs as separate files, each named for the officer, at full size.
Imo Chapter	Two entries are published exactly as supplied and may need correcting: the Treasurer as QS Egbujor Jane, MNQIS (MNIQS?), and the sixth seat titled SPDL, which we have left as written rather than guess at the full title. Please confirm both.
Ekiti Chapter	The eight photographs in the chapter pack are between 204x286 and 386x386 pixels, which is roughly a quarter of the resolution the cards need — every face would have to be enlarged three to four times and would look soft beside the other chapters. The roster is published; the portraits are held. Please resend the original photographs at full size.
Ekiti Chapter	Two names are published exactly as the chapter captioned them and both look incomplete: the Assistant General Secretary as QS Kolawole Sunday Benjami (Benjamin?), and the Research & Development Secretary as QS Adebayo B. O, with initials only. Please confirm or send the full spellings.
Sokoto Chapter	The pack was sent captioned "KEBBI-SOKOTO CHAPTER" but the roster is the Sokoto one (the Chairman and Deputy Chairman are the two already on record for Sokoto), and it has been published there. The Kebbi chapter page is still empty. Does Kebbi share this executive, or is its own roster still to come?

Who	Question
Sokoto Chapter	The Public Relations Officer is captioned Rilwanu Bello, FNIQS — with the post-nominal of a Fellow but without the QS every other member of the roster carries. Published exactly as supplied. Please confirm whether the QS belongs there.
FCT Chapter	Is Abdulrafii Abdullahi, the chapter's YQSF Coordinator, the same person as Abdulrafii Ibrahim on the YQSF Executive Council? No photograph came with the FCT pack for him.
FCT Chapter	Three names differ between the senate roster document and the photo captions. Published as QS Ahmed Usman Kankia, FNIQS (roster spelt it Kankika); QS Uzoamaka Okobia, MNIQS (roster had Uzor Amaka); QS Mary B. Gowom, FNIQS (caption said Gowon). Please confirm each.
Katsina Chapter	QS Maryam Mua'azu and QS Sadiya Sani Yar'Adua are on the site, but their images were cut from the chapter senate poster and cannot be separated from the background cleanly. Original photographs would let them match the rest of the chapter.
Rivers Chapter	Two files in the chapter pack are the same photograph, byte for byte — the one captioned QS Mercy Adesayo Omotayo, MNIQS (Financial Secretary) and the one captioned Ms Izidor Smith Nwachukwu (YQSF Coordinator). Rather than guess whose face it is, neither card carries it. Please resend both, and confirm which of the two the shared photograph is.
Rivers Chapter	QS Tochukwu Blessed, MNIQS (Research & Development Secretary) is cropped to the head and upper chest, which leaves nothing of the suit to work with. A photograph taken from the waist up would let his card match the rest of the chapter.
Bayelsa Chapter	The chapter's pack names QS Larry Samuel Agorosor, MNIQS as Deputy Chairman, and the site now says so. The committee's Chapter Chairmen List (July 2026) had QS Enize Fidelis Kenigbolo in that office and he is not in the pack at all. Please confirm the change.
Bayelsa Chapter	The chairman is published as QS Amangala Mabel Morris, FNIQS, the order her own chapter uses; the committee's list has QS Mabel Morris Amangala, FNIQS. Which does she use?
Ondo Chapter	The pack has an Ex-Officio II but no Ex-Officio I, and the site says Ex-Officio II rather than quietly renumbering it. Is there a twelfth officer whose photograph did not come, or is QS Aina Olanrewaju, MNIQS the only one?
Ondo Chapter	Names are published surname-first throughout, the order the chapter's own pack uses; the committee's list has the chairman as QS Akinlolu Oyebobola Fadiyimu, FNIQS. Please confirm the order the chapter prefers.
Ondo Chapter	QS Gbadebo Bunmi, MNIQS (Assistant General Secretary) came as a 413px-wide image already cut out onto white, with the edge of a chair left in it. Her card is softer than the rest of the chapter as a result — the full-size original photograph would fix it.

Where to send

Send packs to the NIQS Portal & Web Page Implementation team. Please name each file with the officer's name and office — for example *QS Jane Doe, MNIQS - General Secretary.jpg*. That one habit removes most of the guesswork at our end, and it is how the chapters whose pages went up fastest sent theirs.
